

Change Management and Building High Performing Teams

INTRODUCTION

- If we do not change, we die. Successful leadership is about managing change and developing high performing teams.
- This training course will explore the essential skills and knowledge required for success in these vital areas. Only by developing your ideas together, as a team, can you lead people towards excellence and success. Our world-class facilitation will enable you to explore, learn and develop effective plans that are practical, robust and effective.
- The Change Management and Building High Performing Teams training course is designed to be immersive, engaging and challenging. At the end of each day, participants will plan their next steps from their learning. A feature of this interactive training course is it will focus on the business needs of individual organisation.

Participants attending Change Management and Building High Performing Teams training course will develop the following competencies:

- Projecting confidence by understanding one's own abilities
- Effective communication to carry a persuasive message across to others
- Building connections that allows you to influence others
- Helping your team find creative solutions to workplace challenges
- Leading successful innovation and change management

PROGRAMME OBJECTIVES

- Understand the key drivers of change, both internal and external
- Know how to implement change initiatives effectively
- Enable your team to come to terms with change quickly and easily
- Understand the core issues of motivation and the practical steps to take for effectiveness
- Know how to build effective and high performing teams
- Know your Emotional Intelligence (E.I.) Profile and what it means for you
- Know and use the 5 core competencies of E.I
- Know and use persuasive techniques and skills to influence and persuade even more effectively

WHO SHOULD ATTEND?

- Senior and Department Managers tasked with ensuring successful change management
- Managers looking to build high performance teams
- Team Leaders and Supervisors seeking to improve their change management skills and knowledge
- Professionals seeking a successful change formula to ensure future sustainability

TRAINING METHODOLOGY

- Using a mix of tutor led discussions, case studies and video inputs, participants will embark on a journey of practical discovery. Participants will be challenged and engaged and there is ample scope in the course design for reflection, discussion and review. Each participant will leave with a plan of action to use on their return to work.

PROGRAMME SUMMARY

- This training course covers the essential and necessary skills to lead change initiatives and develop high performing teams. Participants will know the formulas for effective change management and outstanding results. They will be able to create powerful relationships around them to enable superior performance and enhanced results. Every participant will receive a 'road map' for their own personal success.
