

Leading Creatively

INTRODUCTION

- This training course challenges dated ideas and pre-conceptions of traditional leadership. Through innovative and transformational models and techniques you will be guided and coached to maximise your own, and your team's creative potential. The days of heroic management belong in the past, it is an era of development, involvement and empowerment of staff. The modern day leader needs a completely new tool kit to ensure their department flourishes in this highly competitive work environment.
- The emphases of this exciting and thought provoking training course are: communication; flexibility; versatility; vision; involvement and creative thinking. You will be encouraged to think outside the box, expand your comfort zone, challenge, and embrace new ideas and concept. You will also be taught the crucial methodology of identifying possible pitfalls, traditions and conflicts that could prevent you from transferring your newly acquired skills to the workplace.

This training course will highlight:

- Opportunities for innovative styles of thinking
- Profiling tools to identify people's differing personality types
- How to create and communicate a compelling vision?
- Techniques to harness the creative power of the team
- Facilitation tools to develop others' creativity in new and exciting ways

OBJECTIVES

At the end of this training course, you will learn to:

- Create your own personal leadership brand
- Select appropriate techniques for your personal self-discovery
- Demonstrate innovative methods for harnessing others' creative potential
- Communicate your vision through multiple sensory, refreshing and engaging ways
- Explore the outer limits of group creativity

TRAINING METHODOLOGY

- This highly interactive training course uses a variety of approaches to learning, including: experiential group activities; individual visioning exercises; and syndicate discussions.
- This encourages you to hear, see and feel for yourself the power of the creative mind. Short informal inputs are used to introduce the underpinning theory of creativity, leadership and high performance team working.
- A key part of the learning process is sharing the differing work and life experiences participants bring to the table. It offers an opportunity to experiment with novel, and sometimes challenging, techniques within a safe and creative environment.

ORGANISATIONAL IMPACT

Successful 21st century organizations are constantly investigating new ways of lifting their profile in the global market place through:

- Linking creativity and innovation to organisational performance
- Creating leaders at all levels can develop and communicate a shared vision
- Training leaders who can engage and motivate their teams
- Focusing on long-term organisational and customer needs
- Increasing effectiveness through more effective use of team working
